Happy May St. Luke's family!

This morning, Bishop Cathleen released guidelines for our Diocese. Each church has the freedom to choose what's best for them. I've included her letter below.

St. Luke's will continue to meet virtually throughout the entire month of May (& beyond as needed).

We love each of you & value your safety even more than we do your physical presence!

Let's continue to uplift those providing essential services, while sheltering safely at home to the best of our abilities. We continue to gather virtually on Sundays (Morning Prayer & for virtual Children's Chapel), on Wednesdays for Refreshers & evening Bible Study and for Friday Fellowship. I've attached an overview for you to access and share.

May the Holy Spirit help continue to help us reimagine how all the puzzle pieces fit together, so we might do our part to connect with those feeling isolated, to provide safe edges for those needing structure & to provide a bigger picture of hope in confusing times.

Stay safe, fierce & feisty little flock!

Serving alongside you,

In Christ's name,

Fr. Jonathan Brice

Rector, St. Luke's Episcopal Church
